Bibliographic Note	xix
Introduction, Gray Dorsey	xxvii
I. PERSONS. Equal protection of basic aspects of human existence and identity: Life, health, liberty, work, dignity, privacy, and freedom to choose one's own pattern of life. Freedom from destructive or intrusive acts of government, groups, or persons: Freedom from oppression, discrimination, exploitation, experimentation. Norms for the future viewed in the light of historical development of the law of persons and concepts inherent in current liberation movements.	1
